- to express difference
 - to express similarity**
 - to advise
 - to blame
 - e.
-

A robot is a machine. But it is not just any machine. It is a special kind of machine. It is a machine that moves. It follows instructions. The instructions come from a computer. Because it is a machine, it does not make mistakes. And it does not get tired. And it never complains. Unless you tell it to! Robots are all around us.

الروبوت هو آلة. لكنها ليست مجرد آلة. إنه نوع خاص من الآلات. إنها آلة تتحرك ويتبع التعليمات. التعليمات تأتي من جهاز كمبيوتر. لأنها آلة، فهي لا ترتكب أخطاء ولا تتعب ولا تشكو أبداً. ما لم تخبرها بذلك! الروبوتات في كل مكان حولنا.

Some robots are used to make things. For example, robots can help make cars. Some robots are used to explore dangerous places. For example, robots can help explore volcanoes. Some robots are used to clean things.

تستخدم بعض الروبوتات لصنع الأشياء. على سبيل المثال، يمكن أن تساعد الروبوتات في صنع السيارات. تستخدم بعض الروبوتات لاستكشاف الأماكن الخطرة. على سبيل المثال، يمكن أن تساعد الروبوتات في استكشاف البراكين وتستخدم بعض الروبوتات لتنظيف الأشياء.

These robots can help vacuum your house. Some robots can even recognize words. They can be used to help answer telephone calls. Some robots look like humans. But most robots do not. Most robots just look like machines.

يمكن أن تساعد هذه الروبوتات في تنظيف منزل. يمكن لبعض الروبوتات التعرف على الكلمات ويمكن استخدامها للمساعدة في الرد على المكالمات الهاتفية. بعض الروبوتات تشبه البشر. لكن معظم الروبوتات لا تفعل ذلك. معظم الروبوتات تبدو مثل الآلات.

Long ago, people imagined robots. Over 2,000 years ago, a famous poet imagined robots. The poet's name was Homer. His robots were made of gold. They cleaned things and they made things. But they were not real. They were imaginary. Nobody was able to make a real robot.

. منذ فترة طويلة، تخيل الناس الروبوتات. منذ أكثر من 2000 عام، تخيل شاعر مشهور الروبوتات. كان اسم الشاعر هوميروس. كانت روبوتاته مصنوعة من الذهب. كانوا ينظفون الأشياء ويصنعون الأشياء. لكنها لم تكن حقيقية. كانوا خياليين. لم يكن أحد قادراً على صنع روبوت حقيقي.

The first real robot was made in 1961. It was called Unimate. It was used to help make cars. It looked like a giant arm. In the future, we will have even more robots. They will do things that we can't do. Or they will do things that we don't want to do. Or they will do things that are too dangerous for us. Robots will help us fight fires. They will help us fight wars. They will help us fight sickness. They will help us discover things. They will help make life better.

تم صنع أول روبوت حقيقي في عام 1961. كان يطلق عليه يونيميت. تم استخدامه للمساعدة في صنع السيارات. بدا وكأنه ذراع عملاقة. في المستقبل، سيكون لدينا المزيد من الروبوتات. سيفعلون أشياء لا يمكننا القيام بها. أو سيفعلون أشياء لا نريد القيام بها. أو سيفعلون أشياء خطيرة للغاية بالنسبة لنا. ستساعدنا الروبوتات في مكافحة الحرائق. سوف يساعدوننا في خوض الحروب. سوف يساعدوننا في محاربة المرض. سوف يساعدوننا في اكتشاف الأشياء. سوف يساعدون في جعل الحياة أفضل.

1. Why doesn't a robot make mistakes according to the passage?
 - It is perfect
 - It follows instructions from a computer
 - It is made of gold
 - It has human- like intelligence
2. What is one advantage of robots mentioned in the passage?
 - They make mistakes
 - They get tired
 - They complain
 - They never complain
3. When was the first real robot, Unimate, made?
 - 1961
 - 1800
 - 1000BC
 - 1980

 - Exploring volcanoes
 - Answering telephone calls
 - Making cars
 - Cleaning houses
8. Who imagined robots over 2,000 years ago?
 - William Shakespeare
 - Homer

- Albert Einstein
- Leonardo da Vinci

9. What is the main purpose of robots mentioned in the passage?

- Make life harder
- Make mistakes
- **Make life better**
- Create chaos

10. What did Homer's robots in the poem do?

- Fight wars
- **Clean things and make things**
- Answer telephones calls
- Help explore volcanoes

2. التاريخ

History is a subject that allows us to explore the past and understand how it has shaped the world we live in today. From ancient civilizations to modern-day events, history provides us with valuable insights into human behavior, societal development, and cultural achievements. One of the most well-known ancient civilizations is the Egyptian civilization, which thrived along the banks of the Nile River thousands of years ago.

التاريخ هو موضوع يسمح لنا باستكشاف الماضي وفهم كيف شكل العالم الذي نعيش فيه اليوم. من الحضارات القديمة إلى أحداث اليوم الحديث ، يزودنا التاريخ برؤى قيمة حول السلوك البشري والتنمية المجتمعية والإنجازات الثقافية. واحدة من أكثر الحضارات القديمة المعروفة هي الحضارة المصرية ، التي ازدهرت على طول ضفاف نهر النيل منذ آلاف السنين.

The Egyptians were skilled builders, architects, and engineers, creating monumental structures such as the pyramids and temples that still stand today as a testament to their ingenuity and craftsmanship. Another significant period in history is the Renaissance, a time of great cultural and intellectual growth in Europe during the 14th to 17th centuries.

كان المصريون بناة ومهندسين معماريين ومهندسين ماهرين ، حيث ابتكروا هياكل ضخمة مثل الأهرامات والمعابد التي لا تزال قائمة حتى اليوم كشهادة على براعتهم وحرفيتهم. فترة أخرى مهمة في التاريخ هي عصر النهضة، وهو وقت النمو الثقافي والفكري الكبير في أوروبا خلال القرنين 14 و 17.

Artists like Leonardo da Vinci and Michelangelo produced masterpieces that continue to inspire awe and admiration, while thinkers like Galileo and Copernicus revolutionized the understanding of the universe.

أنشج فنانون مثل ليوناردو دافنشي ومايكل أنجلو روائع لا تزال تثير الدهول والإعجاب ، بينما أحدث مفكرون مثل جاليليو وكوبيرنيكوس ثورة في فهم الكون.

The Industrial Revolution, which began in the late 18th century, transformed societies by introducing new technologies and methods of production. Factories sprung up, cities expanded and economies boomed as steam engines and machinery revolutionized industries such as textiles, transportation, and manufacturing. As we study history, we gain a deep appreciation for the struggles and triumphs of those who came before us.

الثورة الصناعية، التي بدأت في أواخر القرن 18، حولت المجتمعات من خلال إدخال تقنيات وأساليب جديدة للإنتاج. ظهرت المعامل ، وتوسعت المدن وازدهرت الاقتصادات حيث أحدثت المحركات والآلات البخارية ثورة في الصناعات مثل المنسوجات والنقل والتصنيع. بينما ندرس التاريخ ، نكتسب تقديرا عميقا لنضالات وانتصارات أولئك الذين سبقونا.

By understanding the mistakes and achievements of the past, we can learn valuable lessons that can help us navigate the challenges of the present and shape a better future for generations to come.

من خلال فهم أخطاء وإنجازات الماضي ، يمكننا تعلم دروس قيمة يمكن أن تساعدنا في التغلب على تحديات الحاضر وتشكيل مستقبل أفضل للأجيال القادمة.

1. How can lessons from history help us?
 - a. Make the same mistakes again
 - b. **Navigate present challenge**
 - c. Create more problems
 - d. Ignore the past

3. الشبح

For years, villagers believed that Endley Farm was hunted. The farm was owned by two brothers, Joe and Bob Cox. They employed a few farmhands, but no one was willing to work there long. Every time a worker gave up his job, he told the same story. Farm labourers said that they always woke up to find that work had been done overnight.

لسنوات ، اعتقد القرويون أن مزرعة إندلي مسكونة. كانت المزرعة مملوكة لشقيقين ، جو وبوب كوكس. لقد وظفوا عددا قليلا من عمال المزارع ، لكن لم يكن أحد على استعداد للعمل هناك لفترة طويلة. في كل مرة يتخلى فيها العامل عن وظيفته ، كان يروي نفس القصة. قال عمال المزارع إنهم يستيقظون دائما ليجدوا أن العمل قد تم بين عشية وضحاها.

Hay had been cut and cowsheds had been cleaned. A farm worker, who stayed up all night claimed to have seen a figure cutting corn in the moonlight. In time, it became an accepted fact the Cox brothers employed a conscientious ghost that did most of their work for them. No one suspected that there might be someone else on the farm who had never been seen. This was indeed the case.

تم قطع القش وتنظيف حظائر الأبقار. ادعى عامل مزرعة الذي بقي مستيقظا طوال الليل ، أنه رأى شخصية تقطع الذرة في ضوء القمر. بمرور الوقت ، أصبح من الحقائق المقبولة أن الأخوين كوكس وظفا شبحا قام بمعظم عملهم نيابة عنهم. لم يشك أحد في أنه قد يكون هناك شخص آخر في المزرعة لم يره أحد من قبل. كان هذا هو الحال بالفعل.

A short time ago, villagers were astonished to learn that the ghost of Endley had died. Everyone went to the funeral, for the 'ghost' was none other than Eric Cox, a third brother who was supposed to have died as a young man.

منذ وقت قصير ، اندهش القرويون عندما علموا أن شبح إندلي قد مات. ذهب الجميع إلى الجنازة ، لأن "الشبح" لم يكن سوى إريك كوكس ، الأخ الثالث الذي كان من المفترض أن يموت عندما كان شابا.

After the funeral, Joe and Bob revealed a secret which they had kept for over fifty years been the eldest son of the family, very much older than his two brothers. He had been obliged to join the army during the Second World War.

بعد الجنازة ، كشف جو وبوب سرا احتفظا به لأكثر من خمسين عاما ، وكان الابن الأكبر للعائلة ، أكبر بكثير من شقيقه. كان قد اضطر للانضمام إلى الجيش خلال الحرب العالمية الثانية.

As he hated army life, he decided to desert his regiment. When he learnt that he would be sent abroad, he returned to the farm and his father hid him until the end of the war. Fearing the authorities, Eric remained in hiding after the war as well. His father told everybody that Eric had been killed in action. The only other people who knew the secret were Joe and Bob. They did not even tell their wives.

لأنه كان يكره حياة الجيش ، قرر التخلي عن فوجه. عندما علم أنه سيتم إرساله إلى الخارج ، عاد إلى المزرعة وأخفاه والده حتى نهاية الحرب. خوفا من السلطات ، ظل إريك مختبئا بعد الحرب أيضا. أخبر والده الجميع أن إريك قتل في المعركة. الأشخاص الآخرون الوحيدون الذين عرفوا السر هم جو وبوب. لم يخبروا زوجاتهم حتى.

When their father died, they thought it their duty to keep Eric in hiding. All these years, Eric had lived as a recluse. He used to sleep during the day and work at night, quite unaware of the fact that he had become the ghost of Endley. When he died, however, his brothers found it impossible to keep the secret any longer.

عندما توفي والدهم، اعتقدوا أنه من واجبهم إبقاء إريك مختبئاً. طوال هذه السنوات، عاش إريك منعزلاً. اعتاد النوم أثناء النهار والعمل في الليل، غير مدرك تماماً لحقيقة أنه أصبح شبح إنكلي. ومع ذلك، عندما توفي، وجد إخوته أنه من المستحيل الحفاظ على السر لفترة أطول.

Ali.5 الولد الضائع

One sunny afternoon the beach was bustling with activity. Families were spread across the golden sand, children were building sandcastles and waves crashing against the shore filled the air. A small child, Ali, among the crowd left his parents while following a seagull.

بعد ظهر أحد الأيام المشمسة ، كان الشاطئ يعج بالنشاط. انتشرت العائلات عبر الرمال الذهبية ، وكان الأطفال بينون القلاع الرملية والأمواج المتلاطمة على الشاطئ تملأ الهواء. ترك طفل صغير ، علي ، من بين الحشد والديه بينما كان يتبع طائر النورس.

As Ali followed the seagull, he soon realized he could no longer see his parents or their bright beach umbrella. Fear began to set in as he urgently scanned the beach, his heart racing. The ones familiar surroundings now seemed vast and overwhelming. His eyes filled up with tears as he felt lost and alone.

عندما تبع علي طيور النورس، سرعان ما أدرك أنه لم يعد بإمكانه رؤية والديه أو مظلة الشاطئ اللامعة. بدأ الخوف في الظهور وهو يتفحص الشاطئ على وجه السرعة، وقلبه يتسارع. تلك المناطق المحيطة المألوفة تبدو الآن شاسعة وساحقة. امتلأت عيناه بالدموع لأنه شعر بالضيق والوحدة.

Meanwhile Ali's parents enjoying a moment of relaxation. suddenly noticed their son was missing. They searched the beach. calling out his name. They scanned the horizon in fear. Their mind filled up with worst-case scenarios .

في هذه الأثناء ، يستمتع والدا علي بلحظة من الاسترخاء. لاحظت فجأة أن ابنهما مفقود. فتنشوا الشاطئ. مناديا باسمه. قاموا بتفحص الأفق في خوف. امتلأت عقولهم بأسوأ السيناريوهات .

Back at the spot where he had last seen his parents. Ali sat down on the sand, feeling scared and helpless. A kind stranger noticed the distressed child and approached him gently. With a reassuring smile, the stranger asked Ali if he was lost. Through tearful eyes. Ali nodded. The stranger immediately acted, informing the lifeguard About the lost child. within minutes, the lifeguard broadcasted Ali's description over the loudspeaker , alerting beachgoers to be on the lookout.

مرة أخرى في المكان الذي رأى فيه والديه آخر مرة. جلس علي على الرمال وشعر بالخوف والعجز. لاحظ شخص غريب لطيف الطفل الحزين واقترب منه بلطف. بابتسامة مطمئنة ، سأل الغريب علي عما إذا كان قد ضاع. من خلال عيون دامعة. أوماً علي برأسه. تصرف الغريب على الفور ، وأبلغ الحارس عن الطفل المفقود. في غضون دقائق ، بث الحارس وصف علي عبر مكبر الصوت ، ونبه مرتادي الشواطئ إلى توخي المراقبة.

Upon Hearing the announcement . Ali's parents raced towards the lifeguard station with hopeful hearts. As the sun descended below the horizon. Ali's parents hugged him tight, tears of relief streaming down their faces. Grateful for the kindness of strangers and the fast action of the lifeguard, they vowed to keep a closer eye on their adventurous son in the future.

عند سماع الإعلان . هرع والدا علي نحو مركز الإنقاذ بقلوب مفعمة بالأمل. عندما نزلت الشمس تحت الأفق. عانقه والدا علي بشدة، ودموع الارتياح تنهمر على وجهيهما. ممتنين لطف الغرباء والعمل السريع لحارس الإنقاذ ، تعهدوا بمراقبة ابنهم المغامر عن كثب في المستقبل.

6. التمر

Dates, one of the oldest cultivated crops, grow on a date palm tree. Dates grow in large bunches atop the palm trees, which thrive in hot climates. The fruits range in size from 1 to 3 inches and range in color from pale yellow to a dark red-brown. Dates harvested at the yellow stage require further ripening before they can be properly preserved. Fully ripe, dark-colored dates are ready for preservation as soon as they are harvested

تعتبر التمر من أقدم المحاصيل الزراعية التي تنمو على شجرة النخيل و تنمو التمر على شكل اعناق ضخمة في أعلى شجر النخيل الذي ينمو في المناخ الحار. ويتراوح حجم التمرة ما بين 3-7 انش ويكون لونها ما بين الاصفر الباهت الى البني الاحمر الداكن. والتمر التي يتم قطفها وهي لا تزال صفراء تحتاج الى عملية انضاج اخرى قبل أن يتم تخزينها . أما التمر الناضجة ذات اللون الداكن فتكون جاهزة للتخزين حالما يتم قطفها

To describe the advantages of dates in a few words, it is good to quote them as an essential part of one's diet, so that it can be considered as a balanced diet. Dates are composed of various fats, sugar, vitamins, and minerals, which our body requires. Arabs, for example, eat dates along with milk-making it more beneficial. However, a few of its advantages are described below. Although dates are rich in providing strength to everybody, but during the last months of pregnancy the advantages are doubled-dates strengthen muscles of the uterus. Dates also strengthen a weak heart

و للحديث عن فوائد التمر نقول من المستحسن أن تكون التمر جزء من غذائنا اليومي لأنها عبارة عن غذاء متوازن فهي تتكون من الدهون والسكر والفيتامينات والمعادن التي يحتاجها الجسم، والعرب ، يأكلون التمر مع الحليب مما يزيد في فائدته ، كما يمكن وصف بعض الفوائد الأخرى للتمر كالتالي: التمر تزود الجسم بالقوة، لكن فوائدها تتضاعف للمرأة الحامل في الشهور الأخيرة لأنها تزيد من قوة عضلات الرحم كما تبين أن التمر تزيد من قوة القلب الضعيف.

Dates are rich in fibers and one can easily digest them. Researchers showed that dates can also be helpful in curing certain abdominal diseases including abdominal cancer. Normally, it is observed that one may feel hungry if sugar levels are reduced in the body irrespective of the condition of the stomach. dates can well serve the purpose, because these provide energy. some other advantages of eating dates include treating constipation, prevention against night blindness and improving health of eyes.

التمر غنية بالألياف ويستطيع الانسان هضمها بسهولة .كما أوضح بعض الباحثين أن التمر تساعد في علاج بعض الامراض الباطنية و خاصة سرطان المعدة. وعادة ما يشعر الإنسان بالجوع اذا انخفض مستوى السكر في جسمه، والتمر هو خير من يقوم بعلاج ذلك لأنه يزود الجسم بالطاقة. كما ان من بعض فوائد التمر : علاج الامساك الوقاية من العشى (العمى) الليلي وتحسين صحة العيون.

7. الأهوار

The Iraqi Marshlands are considered to be the largest wetland ecosystem in the Middle East, and they played an essential role in global ecosystems by supporting rare wildlife and rich biodiversity. They provide a shifting temporal and spatial mosaic of habitats for flora and fauna.

تعتبر الأهوار العراقية أكبر نظام بيئي للأراضي الرطبة في الشرق الأوسط، وقد لعبت دوراً أساسياً في النظم البيئية العالمية من خلال دعم الحياة البرية النادرة والتنوع البيولوجي الغني. أنها توفر فسيفساء زمنية ومكانية متغيرة من الموائل للنباتات.

The presence of water is significant in any ecosystem, where the ecosystem depends on the quantity and quality of water. The low water quantity has a significant impact on the ecosystem and the food chain of living organisms, although water has the ability to self-cleansing contaminants, this may causing a loss of biodiversity and a lack of natural food sources (such as fish).

وجود المياه مهم في أي نظام بيئي، حيث يعتمد النظام البيئي على كمية ونوعية المياه. إن انخفاض كمية المياه له تأثير كبير على النظام البيئي والسلسلة الغذائية للكائنات الحية، على الرغم من أن الماء لديه القدرة على التطهير الذاتي للملوثات، إلا أن هذا قد يتسبب في فقدان التنوع البيولوجي ونقص مصادر الغذاء الطبيعية (مثل الأسماك).

The area of the Iraqi Marshlands, formerly known as the Garden of Eden, covers around 20,000 km² and is located in the lower part of the Mesopotamia. The Iraqi government dried up the marshes during the 1990s, and in 2000 less than 10% of the original marshes area remained.

تغطي منطقة الأهوار العراقية، المعروفة سابقاً باسم جنة عدن، حوالي 20000 كم² وتقع في الجزء السفلي من بلاد ما بين النهرين. جففت الحكومة العراقية الأهوار خلال تسعينيات القرن العشرين، وفي عام 2000 بقي أقل من 10٪ من مساحة الأهوار الأصلية.

After 2003, The Iraqi government with the help of international organizations implemented a plan to save the marshes, the Iraqi marshes began to recover despite the enormous difficulties they faced. It is believed that 75% of the original marshes can be recovered. The local Arab communities there live in a houses built from reeds called Mudhifs, and their mainly sustain their lives by fishing, agriculture.

بعد عام 2003، نفذت الحكومة العراقية بمساعدة المنظمات الدولية خطة لإنقاذ الأهوار، وبدأت الأهوار العراقية في التعافي على الرغم من الصعوبات الهائلة التي واجهتها. ويعتقد أنه يمكن استرداد 75٪ من الأهوار الأصلية. تعيش المجتمعات العربية المحلية هناك في منازل مبنية من القصب تسمى المذيف، ويعيشون بشكل أساسي على صيد الأسماك والزراعة.

8. الأعاصير

Many of the most damaging and life-threatening types of weather-torrential rains, severe thunderstorms, and tornadoes-begin quickly, strike suddenly, and dissipate rapidly, devastating small regions while leaving neighboring areas untouched. One such event, a tornado, struck the northeastern section of Edmonton, Alberta, in July 1987. Total damages from the tornado exceeded \$ 250 million, the highest ever for any Canadian storm.

تبدأ العديد من الأنواع الأكثر ضررا وتهديدا للحياة من الأمطار الغزيرة والعواصف الرعدية الشديدة والأعاصير بسرعة ، وتضرب فجأة ، وتتبدد بسرعة ، وتدمر المناطق الصغيرة بينما تترك المناطق المجاورة دون مساس. أحد هذه الأحداث ، إعصار ، ضرب القسم الشمالي الشرقي من إدمونتون ، ألبرتا ، في يوليو 1987 وتجاوز إجمالي الأضرار الناجمة عن الإعصار 250 مليون دولار ، وهو أعلى مستوى على الإطلاق لأي عاصفة كندية.

Conventional computer models of the atmosphere have limited value in predicting short-live local storms like the Edmonton tornado, because the available weather data are generally not detailed enough to allow computers to discern the subtle atmospheric changes that precede these storms.

النماذج الحاسوبية التقليدية للغلاف الجوي لها قيمة محدودة في التنبؤ بالعواصف المحلية قصيرة العمر مثل إعصار إدمونتون ، لأن بيانات الطقس المتاحة ليست مفصلة بشكل عام بما يكفي للسماح لأجهزة الكمبيوتر بتمييز التغيرات الجوية الدقيقة التي تسبق هذه العواصف.

In most nations, for example, weather balloon observations are taken just once every twelve hours at locations typically separated by hundreds of miles. With such limited data, conventional forecasting models do a much better job predicting general weather conditions over large regions than they do forecasting specific local events.

في معظم الدول ، على سبيل المثال ، يتم أخذ ملاحظات بالون الطقس مرة واحدة فقط كل اثنتي عشرة ساعة في مواقع تفصل بينها عادة مئات الأميال. مع هذه البيانات المحدودة ، تقوم نماذج التنبؤ التقليدية بعمل أفضل بكثير في التنبؤ بالظروف الجوية العامة على مناطق كبيرة مقارنة بالتنبؤ بأحداث محلية محددة.

Until recently, the observation-intensive approach needed for accurate, very shortrange forecasts, or "Nowcasts", was not feasible. The cost of equipping and operating many thousands of conventional weather stations was prohibitively high, and the difficulties involved in rapidly collecting and processing the raw weather data from such a network were insurmountable. Fortunately, scientific and technological advances have overcome most of these problems.

وحتى وقت قريب ، لم يكن النهج القائم على المراقبة المكثفة اللازم لإجراء تنبؤات دقيقة وقصيرة المدى أو "التنبؤ الآني" ممكنا. وكانت تكلفة تجهيز وتشغيل عدة آلاف من محطات الأرصاد الجوية التقليدية باهظة للغاية، كما أن الصعوبات التي ينطوي عليها جمع ومعالجة بيانات الطقس الخام بسرعة من هذه الشبكة لا يمكن التغلب عليها. لحسن الحظ ، تغلب التقدم العلمي والتكنولوجي على معظم هذه المشاكل.

Radar systems, automated weather instruments, and satellites are all capable of making detailed, nearly continuous observation over large regions at a relatively low cost. Communications satellites can transmit data around the world cheaply and instantaneously, and modern computers can quickly compile and analyzing this large volume of weather information. Meteorologists and computer scientists now work together to design computer programs and video equipment capable of transforming raw weather data into words, symbols, and vivid graphic displays that forecasters can interpret easily and quickly. As meteorologists have begun using these new technologies in weather forecasting offices, Nowcasting is becoming a reality.

أنظمة الرادار وأدوات الطقس الآلية والأقمار الصناعية كلها قادرة على إجراء مراقبة مفصلة ومستمرة تقريبا فوق مناطق واسعة بتكلفة منخفضة نسبيا. يمكن لأقمار الاتصالات نقل البيانات حول العالم بثمن بخس وعلى الفور ، ويمكن لأجهزة الكمبيوتر الحديثة تجميع وتحليل هذا الحجم الكبير من معلومات الطقس بسرعة. يعمل خبراء الأرصاد الجوية وعلماء الكمبيوتر الآن معا لتصميم برامج الكمبيوتر ومعدات الفيديو القادرة على تحويل بيانات الطقس الخام إلى كلمات ورموز وعروض رسومية حية يمكن للمتنبئين تفسيرها بسهولة وسرعة. نظرا لأن خبراء الأرصاد الجوية بدأوا في استخدام هذه التقنيات الجديدة في مكاتب التنبؤ بالطقس ، فقد أصبح التنبؤ الآن حقيقة واقعة.

9. العراق

When we talk about Iraq, we must know that we are talking about an Arab country that had an ancient civilization and was one of the most famous countries in the world. Iraq is located in the continent of Asia, where it overlooks the Arabian Gulf.

عندما نتحدث عن العراق يجب أن نعرف أننا نتحدث عن بلد عربي كان له حضارة عريقة وكان من أشهر دول العالم يقع العراق في قارة آسيا، حيث يطل على الخليج العربي.

The capital of Iraq is Baghdad, which is a member of the Arab League. Iraq joined the Organization of the Islamic Conference and OPEC. Iraq is famous among the Arab countries because of the large number of prophets and imams who left its land.

عاصمة العراق هي بغداد ، وهي عضو في جامعة الدول العربية .وانضم العراق إلى منظمة المؤتمر الإسلامي ومنظمة أوبك . يشتهر العراق بين الدول العربية بسبب كثرة الأنبياء والأئمة الذين سكنوا أرضه.

Among her most famous sons are our master Ibrahim, Ali bin Abi Talib and our master Saleh. Iraq is famous for its ancient civilization, as it passed through many civilizations, each of which added something special to Iraq. Iraq prospered in several things, including:

ومن أشهر أبنائها سيدنا إبراهيم وعلي بن أبي طالب وسيدنا صالح. يشتهر العراق بحضارته العريقة، حيث مر بالعديد من الحضارات، كل منها أضاف شيئا مميزا للعراق. ازدهر العراق في عدة أمور منها:

Trade: The trade movement flourished in Iraq because of its privileged location.

التجارة: ازدهرت الحركة التجارية في العراق بسبب موقعه المتميز.

Agriculture: Iraq is considered one of the most prosperous countries in the field of agriculture, and this is due to the quantities of water that allowed the recovery of this field.

الزراعة: يعتبر العراق من أكثر الدول ازدهارا في مجال الزراعة، ويرجع ذلك إلى كميات المياه التي سمحت باستعادة هذا الحقل.

Industry: Iraq had an advantage that made it advanced in the industrial field, which is the availability of raw materials. Iraq consists of 18 governorates, but its population is not Arab, but the percentage of Arabs is only about 80% of the population. There is a good number of Kurds in Iraq, where they make up about 15% of the population. The rest of the population is divided between Turkmen, Assyrians, and Armenians.

الصناعة: كان للعراق ميزة جعلته متقدما في المجال الصناعي وهي توفر المواد الخام. يتكون العراق من 18 محافظة، لكن سكانه ليسوا عربا، لكن نسبة العرب تبلغ حوالي 80 ٪ فقط من السكان. هناك عدد لا بأس به من الأكراد في العراق ، حيث يشكلون حوالي 15 ٪ من السكان. ينقسم بقية السكان بين التركمان والآشوريين والأرمن.

Iraq acquired this name in the sixth century AD, as it means the low land. Its ancient name was Mesopotamia, extending between the Tigris and Euphrates valleys and even the Hamrin Hills.

اكتسب العراق هذا الاسم في القرن السادس الميلادي ، حيث يعني الأرض المنخفضة .كان اسمها القديم بلاد ما بين النهرين ، ويمتد بين وديان دجلة والفرات وحتى تلال حميرين.

The climate in Iraq is characterized by a desert climate with a very high temperature, the temperature may reach about 48 degrees. As for the rain, it falls in large quantities on the mountainous areas. Iraq is characterized by three types of climate .Very dry and desert climate this climate affects about 70% of Iraq, Steppe climate. This climate is found in the northern and southern regions of the country, where it is characterized by annual rainfall. The Mediterranean climate affects the mountainous regions, and it is very cold in winter and mild in summer

يتميز المناخ في العراق بمناخ صحراوي ذو درجة حرارة عالية جدا، قد تصل درجة الحرارة إلى حوالي 48 درجة .أما الأمطار فتسقط بكميات كبيرة على المناطق الجبلية .يتميز العراق بثلاثة أنواع من المناخ .مناخ جاف جدا وصحراوي يؤثر هذا المناخ على حوالي 70 ٪ من العراق ، مناخ السهوب .يوجد هذا المناخ في المناطق الشمالية والجنوبية من البلاد ، حيث يتميز بهطول الأمطار السنوي. يؤثر مناخ البحر الأبيض المتوسط على المناطق الجبلية، ويكون شديد البرودة شتاء ومعتدلا صيفا

Samir always did very well at school. He passed very easily every exam he ever took. his teachers used to call him a walking encyclopedia. it was only when he left school that he began to run into problems; some were related to his family, and some to his readiness. He couldn't decide what job to choose.

كان أداء سمير دائما جيدا في المدرسة. لقد اجتاز بسهولة كل اختبار خاضه على الإطلاق. اعتاد أساتذته على تسميته موسوعة المتحركة. بدأ يواجه المشاكل عندما ترك المدرسة. كان بعضها مرتبطا بعائلته، والبعض الآخر باستعداده. لم يستطع أن يقرر الوظيفة التي يختارها.

Life is rich in themes and narrative topics and people are always in contact which produce aims that deserve to be tackled. Many different walks of life appeal to him. He didn't want to rush unconfidently which he Would later regret.

الحياة غنية بالعناوين والمواضيع السردية والناس دائما على اتصال مما ينتج عنه أهداف تستحق المعالجة. العديد من مناحي الحياة المختلفة تروق له. لم يكن يريد أن يندفع وهو غير واثق وهو ما سيندم عليه لاحقا.

Eventually, he decided he most Wanted to become a writer. the next day he took his first faltering steps at writing a novel. After only a month or two, he had made great progress in thinking and realizing.....

في النهاية ، قرر أنه يريد أن يصبح كاتباً. في اليوم التالي اتخذ خطواته المتعثرة الأولى في كتابة رواية. بعد شهر أو شهرين فقط ، أحرز تقدما كبيرا في التفكير والإدراك.....

11. فاطمة

A remarkable woman named Fatima lived In the busy city of Cairo, Egypt. As a widow, she faced the task of raising her two children, Zaki and Hala, single-handedly. Despite the challenges, Fatima was determined to provide her children a brighter future Fatima worked tirelessly, juggling multiple jobs to make ends meet. Her days were long, often starting before dawn and ending well past sunset. Yet, her untiring determination never stopped.

عاشت امرأة رائعة تدعى فاطمة في مدينة القاهرة المزدهمة ، مصر. كأرملة ، واجهت مهمة تربية طفلها ، زكي وهالة ، بمفردها. على الرغم من التحديات، كانت فاطمة مصممة على توفير مستقبل أكثر إشراقا لأطفالها عملت فاطمة بلا كلل، وعملت في وظائف متعددة لتغطية نفقاتها. كانت أيامها طويلة ، وغالبا ما تبدأ قبل الفجر وتنتهي بعد غروب الشمس. ومع ذلك ، فإن تصميمها الذي لا يكل لا يتوقف أبدا.

She knew education was the key to success and spared no effort to ensure that Zaki and Hala received the best education possible. Zaki, the elder of the two, has harbored a passion for medicine from a young age. His mother's sacrifices inspired him and motivated him to excel academically. With Fatima's guidance and support, Zaki pursued his dream relentlessly. He spent countless hours studying, determined to become a doctor and make his mother proud.

هي تعلم أن التعليم هو مفتاح النجاح ولم تدخر جهدا لضمان حصول زكي وهالة على أفضل تعليم ممكن. زكي، الأكبر بين الاثنين، لديه شغف بالطب منذ صغره. ألهمته تضحيات والدته وحفته على التفوق أكاديميا. ويتوجبه من فاطمة ودعمها، سعى زكي لتحقيق حلمه بلا هوادة. أمضى ساعات لا تحصى في الدراسة ، مصمما على أن يصبح طبيبا ويجعل والدته فخورة.

Hala, on the other hand, had a keen interest in engineering. From playing with devices to dismantling and reassembling household appliances, her curiosity knew no limits. Fatima recognized her daughter's potential and encouraged her to follow her passion passionately. With

her mother's endless support, Hala set her sights on becoming an engineer. Despite the financial hardships and societal pressures, Fatima remained steadfast in her decision.

من ناحية أخرى ، كان لدى هالة اهتمام كبير بالهندسة. من اللعب بالأجهزة إلى تفكيك وإعادة تجميع الأجهزة المنزلية ، لم يعرف فضولها حدودا. أدركت فاطمة إمكانات ابنتها وشجعتها على متابعة شغفها بشغف. بدعم والدتها اللامتناهي، وضعت هالة نصب عينيها أن تصبح مهندسة على الرغم من الصعوبات المالية والضغط المجتمعية، ظلت فاطمة ثابتة في قرارها.

Her sacrifices and steadfast support paved the way for Zaki to fulfill his dream of becoming a doctor and Hala to follow her engineering career. Through her courage and determination, Fatima proved that with love and perseverance, anything is possible.

مهدت تضحياتها ودعمها الثابت الطريق أمام زكي لتحقيق حلمه في أن يصبح طبيبا وهالة لمتابعة مسيرتها الهندسية. من خلال شجاعتها وتصميمها ، أثبتت فاطمة أنه بالحب والمثابرة ، كل شيء ممكن

Sarah was walking home from school when she saw a small puppy wandering alone on the sidewalk. The puppy looked scared and confused, so Sarah approached it slowly, trying not to frighten it further. She knelt down and extended her hand, allowing the puppy to sniff it before gently petting its head.

كانت سارة تسير إلى المنزل من المدرسة عندما رأت جروا صغيرا يتجول بمفرده على الرصيف. بدأ الجرو خائفا ومرتبكا ، لذلك اقتربت سارة منه ببطء ، في محاولة لعدم إخافته أكثر. ركعت على ركبتيها ومدت يدها ، مما سمح للجرو بشمه قبل المسح على رأسه برفق.

Feeling sorry for the lost puppy, Sarah decided to help. She looked around but didn't see any owner nearby. With a heavy heart, she picked up the puppy and carried it home, hoping to find its owner or at least provide it with a safe place to stay for the night.

شعرت سارة بالأسف على الجرو المفقود ، وقررت المساعدة. نظرت حولها لكنها لم تر أي مالك قريب. بقلب مثقل ، التفتت الجرو وحملته إلى المنزل ، على أمل العثور على مالكة أو على الأقل تزويده بمكان آمن للبقاء طوال الليل.

At home, Sarah fed the puppy some food and water, and it eagerly ate and drank. She then made a makeshift bed for it using a soft blanket and placed it in a cozy corner of her room. The puppy seemed to relax and soon fell asleep, curled up in a ball.

في المنزل ، أطعمت سارة الجرو بعض الطعام والماء ، وكان يأكل ويشرب بشغف. ثم صنعت سريرا مؤقتا لها باستخدام بطانية ناعمة ووضعتها في زاوية مريحة من غرفتها. بدأ الجرو مسترخيا وسرعان ما نام .

The next morning, Sarah woke up early and checked on the puppy. It was still sound asleep, snuggled up in its blanket. She decided to take matters into her own hands and went door to door in her neighborhood, asking if anyone had lost a puppy. After knocking on several doors, she finally found the puppy's owner, a young girl who had been frantically searching for her beloved pet.

في صباح اليوم التالي ، استيقظت سارة مبكرا وتفحصت الجرو. كان لا يزال نائما ، محتضنا بطانيته. قررت أن تأخذ الأمور بزمam الأمور وذهبت من باب إلى باب في حيها ، وسألت عما إذا كان أي شخص قد فقد جروا. بعد أن طرقت عدة أبواب ، وجدت أخيرا مالك الجرو ، وهي فتاة صغيرة كانت تبحث بشكل محموم عن حيوانها الأليف المحبوب.

The girl's face lit up with joy when she saw her puppy safe and sound. She thanked Sarah profusely and promised to keep a closer eye on her furry friend from now on.

أضاء وجه الفتاة بفرح عندما رأت جروها آمنا وسليما. شكرت سارة بغزارة ووعدت بمراقبة صديقتها ذات الفراء عن كثب من الآن فصاعدا.

1. What did Sarah see while walking home from school?

A) A small kitten B) **A lost puppy** C) A lost kitten D) A stray dog

2. How did Sarah approach the lost puppy?

A) Quickly and loudly B) **Slowly and quietly** C) Running towards it D) Ignoring it

3. What did Sarah do after bringing the puppy home?

A) Left it outside B) Called animal control C) **Fed it food and water, and made a bed for it**

D) Took it to a shelter

4. What did Sarah do the next morning?

A) Ignored the puppy B) Took the puppy for a walk C) Checked on the puppy and then went to school D) Went door to door in her neighborhood looking for the puppy's owner.

5. How did the puppy's owner react when she saw her pet with Sarah?

A) She was angry B) She was sad C) She was overjoyed D) She was disappointed.

13. سالي

In a small village, there lived a young girl named Sali. Sali was known throughout the village for her kindness and generosity. She would often spend her days helping the elderly, playing with the children, and tending to the animals in need. One sunny morning, as Sali was walking through the village square, she stumbled upon a wounded bird lying on the ground.

Without hesitation, Sali gently picked up the bird and cradled it in her hands. She knew she had to help the little creature, so she brought it back to her humble cottage and tended to its injuries with care and compassion. Days tured into weeks, and the bird slowly began to heal under Sali's watchful eye. It chirped happily as Sali fed it, sang to it, and kept it warm.

The villagers marveled at Sali's dedication and love for the bird, and soon word spread far and wide about the kind-hearted girl who had saved a life. As the bird grew stronger, Sali knew it was time to set it free. With a heavy heart, she carried the bird to the edge of the forest and gently released it into the sky. The bird soared high above the treetops, its wings outstretched in freedom and gratitude. From that day on, Sali became known as the village's guardian angel, a symbol of love and compassion for all living beings. Her selfless act had touched the hearts of many and inspired others to follow in her footsteps, spreading kindness and goodwill wherever they went.

1. What did Sali symbolize in the village?

- Hatred
- Love and compassion
- Greed
- Selfishness

14. Oil Painting الرسم الزيتي

When an artist paints, he or she can choose from so many types of paint! One paint type that has been used for thousands of years is oil paint. To make oil paint, a person combines dry colored powder with oil. When an artist mixes the oil and powder together, he or she creates a smooth paint.

عندما يرسم فنان، يمكنه الاختيار من بين العديد من أنواع الألوان! أحد أنواع الألوان التي تم استخدامها منذ آلاف السنين هو الألوان الزيتية. لصنع الألوان الزيتية، يجمع الشخص بين المسحوق الجاف الملون والزيت. عندما يمزج الفنان الزيت والمسحوق معاً، فإنه يصنع طلاء ناعماً.

A long time ago, people loved to create oil paintings. They would get the oil from walnuts or poppies (red flowers). A lot of artists would use oil paint to paint many layers on a single painting. These layers created different shades of color. They helped create light and shadows in the painting. The layers also would make different shades of color. They helped create light and shadows in the painting. The layers also would make the people and things in the painting look more real.

منذ زمن بعيد، أحب الناس إنشاء لوحات زيتية. كانوا يحصلون على الزيت من الجوز أو الخشخاش (الزهور الحمراء). يستخدم الكثير من الفنانين الطلاء الزيتي لرسم طبقات عديدة على لوحة واحدة. خلقت هذه الطبقات ظلال مختلفة من الألوان. لقد ساعدوا في خلق الضوء والظلال في اللوحة. تصنع الطبقات أيضاً ظلالاً مختلفة من الألوان. لقد ساعدوا في خلق الضوء والظلال في اللوحة التي تجعل الأشخاص والأشياء في اللوحة تبدو أكثر واقعية.

One famous painter from long ago was Jan van Eyck. He used oil paints for his paintings. He would paint in layers. Because of his technique, his paintings are often filled with beautiful, bright colors. Today, artists do not use oil paints as much. One popular type of paint artists use is acrylic paint. Acrylic paints dry quicker and can be painted over more easily. You can find different types of paint in your local craft store. Take a look at an oil painting. Maybe the painting has shadows made by oil paint.

أحد الرسامين المشهورين منذ فترة طويلة كان جان فان إيك. استخدم الدهانات الزيتية للوحاته. كان يرسم في طبقات. بسبب أسلوبه، غالباً ما تمتلئ لوحاته بألوان جميلة ومشرفة. اليوم، لا يستخدم الفنانون الدهانات الزيتية بنفس القدر. أحد الأنواع الشائعة من الطلاء هو طلاء الأكريليك. تجف دهانات الأكريليك بشكل أسرع ويمكن دهنها بسهولة أكبر يمكنك العثور على أنواع مختلفة من الطلاء في متجر الحرف اليدوية المحلي. ألق نظرة على لوحة زيتية. ربما تحتوي اللوحة على ظلال مصنوعة من الطلاء الزيتي.

1. Who was a famous painter known for using oil paints and painting in layers? من كان رساماً مشهوراً باستخدام الدهانات الزيتية والرسم في طبقات؟
اشتهر باستخدام الدهانات الزيتية والرسم في طبقات?
 - Pablo Picasso
 - Jan van Eyck
 - Leonardo da Vinci
 - Vincent van Gogh
2. What do artists combine to make oil paint? ما الذي يخلطه الفنانون لصنع الطلاء الزيتي؟
 - dirt and dry colored powder
 - flower petals and water
 - dry colored powder and oil
 - oil and liquid dye
3. How does the author describe the effects of using oil paint in the second paragraph? كيف يصف المؤلف آثار استخدام الطلاء الزيتي في الفقرة الثانية؟
 - Oil paint was used in layers, so artists could create different shades of color.
 - Artists used oil paint to create brighter colors in their paintings.
 - Artists did not understand how to use oil paint correctly until modern times.
 - Oil paint was used to paint sculptures so that they looked more realistic.
4. What kind of artists would have used oil paints? أي نوع من الفنانين كان سيستخدم الدهانات الزيتية؟
 - artists who did not care about real-looking paintings
 - artists who wanted to make real-looking paintings
 - artists who wanted to make sculptures
 - artists who wanted their paintings to look fake

5. Why do you think artists use oil paint less today? لماذا تعتقد أن الفنانين يستخدمون الرسم الزيتي بشكل أقل اليوم؟

- because oil paint dries too quickly
- because oil paint is harder to learn how to use
- because oil paint dries slowly and is difficult to paint over لأن الطلاء الزيتي يجف ببطء ويصعب الطلاء فوقه
- because acrylic is the only paint made today

6. What is the main idea of this passage? ما هي الفكرة الرئيسية لهذا المقطع؟

- Oil paint is one popular kind of paint and has been used by many famous artists. الرسم الزيتي هو نوع شائع من الطلاء وقد استخدمه العديد من الفنانين المشهورين.
- People used to make oil paint by mixing natural oils with dry colored powders.
- Artists use oil paint because it dries quickly and can be painted over more easily.
- Jan Van Eyck was a famous painter who was very skilled at using oil paints.

15. A ball and A basketball

It was December in 1891. A man named James Naismith had a problem to solve. He was a gym teacher at a school in Massachusetts. He was trying to figure out how to keep his students fit during the long winter.

كان ديسمبر عام 1891. كان لدى رجل يدعى جيمس نايسميث مشكلة لحلها. كان مدرسا في صالة الألعاب الرياضية في مدرسة في ماساتشوستس. كان يحاول معرفة كيفية الحفاظ على لياقة طلابه خلال فصل الشتاء الطويل.

He knew he had to find a game to keep his students active. And he knew it had to be played indoors. He did not want the game to be too rough. And people had to be able to play it in a walled-in gym.

كان يعلم أنه يجب عليه العثور على لعبة للحفاظ على نشاط طلابه. وكان يعلم أنه يجب لعبها في الداخل. لم يكن يريد أن تكون اللعبة قاسية للغاية. وكان على الناس أن يكونوا قادرين على لعبها في صالة ألعاب رياضية محاطة بجدران.

James thought about some ideas. He threw some ideas out. Finally, he thought of a solution. He wrote down a set of rules. Then, he took a basket meant to hold peaches. He nailed it to a track ten feet high.

جيمس. أخيرا ، فكر في حل. كتب مجموعة من القواعد. ثم أخذ سلة مخصصة لحمل الخوخ. قام بتثبيتته على مسار بارتفاع عشرة أقدام. His students would try to throw a ball into the basket. They used a soccer ball. When someone got the ball in a basket, they won a point for their team. But the peach basket had a bottom. So someone had to poke the ball out of the basket every time that happened.

كان طلابه يحاولون رمي كرة في السلة. استخدموا كرة القدم. عندما يحصل شخص ما على الكرة في سلة ، فإنهم فازوا بنقطة لفريقهم. لكن سلة الخوخ كان لها قاع. لذلك كان على شخص ما أن يخرج الكرة من السلة في كل مرة يحدث فيها ذلك.

This was how the sport basketball was invented. Over time, new rules were added. The ball changed from a soccer ball to a brown ball. Eventually, it became an orange rubber ball. The basket became a net. The courts where the game was played got bigger. Today, basketball is a popular sport in the U.S. and in places around the world!

هكذا اخترعت رياضة كرة السلة. مع مرور الوقت ، تمت إضافة قواعد جديدة. تغيرت الكرة من كرة قدم إلى كرة بنية. في النهاية ، أصبحت كرة مطاطية برتقالية. أصبحت السلة شبكة. أصبحت الملاعب التي لعبت فيها اللعبة أكبر. اليوم ، كرة السلة هي رياضة شعبية في الولايات المتحدة وفي أماكن حول العالم!

1. Who was James Naismith? 1. من كان جيمس نايسميث؟

- a music teacher at a school in Massachusetts
- **a gym teacher at a school in Massachusetts** مدرس صالة ألعاب رياضية في مدرسة في ماساتشوستس
- a student at a school in Massachusetts

2. The text describes a problem that James Naismith was trying to solve. What was this problem? - يصف النص مشكلة كان جيمس نايسميث يحاول حلها. ماذا كانت هذه المشكلة؟

- **He was trying to figure out how to keep his students fit during the long winter.** كان يحاول معرفة كيفية الحفاظ على لياقة طلابه خلال فصل الشتاء الطويل.

- He was trying to figure out how to make sure his students followed the rules of basketball.
- He was trying to figure out how to help his students become better runners.

3. What can you conclude about how basketball has changed since it was invented? - ماذا يمكنك أن تستنتج حول كيفية تغير كرة السلة منذ اختراعها

- Basketball has not changed very much since it was invented.
- Basketball has changed very slowly over the years since it was invented.
- **Basketball has changed a lot since it was invented.** لقد تغيرت كرة السلة كثيرا منذ اختراعها.

4. Why was the game James Naismith invented the solution to his problem? - لماذا كانت لعبة جيمس نايسميث اختراع الحل لمشكلته؟

- **It kept his kids active, it wasn't too rough to play, and could be played in a gym.**
- It taught kids how to follow rules even though it was too rough to play.

- It could be played using objects that people can easily find in a school.

5. What is the main idea of this text?

- James Naismith invented a game to keep his students active indoors during the long winter. This game turned into the game of basketball played today.

اخترع جيمس نايسميث لعبة لإبقاء طلابه نشطين في الداخل خلال فصل الشتاء الطويل. تحولت هذه اللعبة إلى لعبة كرة السلة التي لعبت اليوم.

- The game of basketball has changed so much since it was first invented. For example, new rules were added and the ball used changed a number of times.
- Gym teachers need to come up with different ways to keep their students active during the long winter months when students can't be outside for very long.

16. Wellderly المسنين الأصحاء

A baby born today could live to be not only 100, but even 120 years old. Hard to believe? Apparently, there could be a gene for not only long life, but long and healthy life. Even today, there are many, many people who have passed the landmark age of 100 – an age that seemed an impossible achievement only a few decades ago.

يمكن للطفل المولود اليوم أن يعيش ليس فقط 100 ، ولكن حتى 120 سنة. من الصعب تصديق؟ على ما يبدو ، يمكن أن يكون هناك جين ليس فقط لحياة طويلة. ، ولكن حياة طويلة وصحية. حتى اليوم ، هناك الكثير والكثير من الأشخاص الذين تجاوزوا سن 100 - وهو عمر بدا إنجازا مستحيلا قبل بضعة عقود فقط

In fact, there are now so many healthy, elderly people that a new term has been coined: the wellderly. These are people over the age of 80 who have no chronic diseases such as high blood pressure, coronary disease or diabetes and who have never taken medication for these conditions. The small village of Molochio in Calabria numbers about 2,000 inhabitants. And of these, there are at least eight centenarians. When researchers ask people like this what the secret of their long life is, the answer is invariably to do with diet and is almost always the same: 'I eat a lot of fruit and vegetables.' 'A little bit, but of everything.' 'No smoking, no drinking.'

في الواقع ، هناك الآن الكثير من كبار السن الأصحاء لدرجة أنه تم صياغة مصطلح جديد: Wellderly. هؤلاء هم الأشخاص الذين تزيد أعمارهم عن 80 عاما والذين لا يعانون من أمراض مزمنة مثل ارتفاع ضغط الدم أو مرض الشريان التاجي أو مرض السكري والذين لم يتناولوا أبدا أدوية لهذه الحالات. يبلغ عدد سكان قرية مولوتشييو الصغيرة في كالابريا حوالي 2000 نسمة. ومن بين هؤلاء ، هناك ما لا يقل عن ثمانية معمرين. عندما يسأل الباحثون أشخاصا مثل هذا عن سر حياتهم الطويلة ، فإن الإجابة تتعلق دائما بالنظام الغذائي وهي دائما ما تكون هي نفسها: "أنا أكل الكثير من الفاكهة والخضروات". "قليلا ، ولكن من كل شيء." "ممنوع التدخين ولا الشرب".

New research into long life, looking at groups of people who have a genetic connection, has taken scientists to Ecuador. In one small region there are a number of people with a genetic condition called Laron syndrome. The main effect of this condition is to restrict the individual's growth to little more than a metre, but it also seems to protect them against both cancer and diabetes. Ultimately, those with Laron's syndrome live longer than the rest of their families. Meanwhile, on the Hawaiian island of Oahu, there's a completely separate group of Japanese-American men who are particularly long-lived. And it turns out that they have a variant of the same gene as the Laron syndrome group. So what really makes people live longer? It seems likely that it is an interaction of genes, the environment and ultimately a third factor beyond our control – luck.

بحث جديد في الحياة الطويلة ، يبحث في مجموعات من الأشخاص الذين لديهم صلة وراثية ، أخذ العلماء إلى الإكوادور. في منطقة صغيرة واحدة هناك عدد من الأشخاص الذين يعانون من حالة وراثية تسمى متلازمة لارون. التأثير الرئيسي لهذه الحالة هو تقييد نمو الفرد إلى ما يزيد قليلا عن متر واحد ، ولكن يبدو أيضا أنه يحميهم من كل من السرطان والسكري. في النهاية ، يعيش المصابون بمتلازمة لارون لفترة أطول من بقية عائلاتهم. في هذه الأثناء ، في جزيرة أوهاو في هاواي ، هناك مجموعة منفصلة تماما من الرجال الأمريكيين اليابانيين الذين عاشوا لفترة طويلة بشكل خاص. واتضح أن لديهم متغيرا من نفس الجين مثل مجموعة متلازمة لارون. إذن ما الذي يجعل الناس يعيشون لفترة أطول؟ يبدو من المرجح أنه تفاعل بين الجينات والبيئة وفي النهاية عامل ثالث خارج عن سيطرتنا - الحظ.

Read the article and choose the correct option.

1. According to the passage, a baby born today could potentially live to be how old? يمكن للطفل المولود اليوم أن يعيش ليكون عمره؟
 - 100 years old
 - **120 years old**
 - 150 years old
 - 200 years old
2. Where is the village of Molochio located? أين تقع قرية مولوتشييو؟
 - Ecuador
 - Hawaii
 - **Calabria**
 - Japan
3. What is the common factor among the wellderly, according to the passage? ما هو العامل المشترك بين الأشخاص المعمرين طبقا للقطعة

- Chronic diseases
 - High blood pressure
 - Medication
 - **Lack of chronic diseases and medication** قلة الأمراض المزمنة وقلة تعاطي الأدوية
4. According to the passage, what is the secret to long life? ما هو سر الحياة الطويلة؟
- **A diet rich in fruit and vegetables** اتباع نظام غذائي غني بالفواكه والخضروات
 - A diet rich in meat and dairy
 - A diet rich in carbohydrates
 - A diet rich in protein
5. The passage suggests that the secret to long life may lie in an interaction between أن سر الحياة الطويلة قد يكمن في التفاعل بين
- Genes and environment
 - Genes and lifestyle choices
 - **Genes, environment, and life style choices**
6. According to the passage, what is the third factor beyond our control that contributes to long life? ما هو العامل الثالث الخارج عن سيطرتنا والذي يساهم في إطالة العمر؟
- Genetics
 - Environment
 - **Luck**
 - Exercise
7. What is the common answer given by people over 80 when they asked about the secret of their long life? ما هي الإجابة الشائعة التي قدمها الأشخاص الذين تزيد أعمارهم عن 80 عاما عندما سألوا عن سر حياتهم الطويلة؟
- Regular exercise
 - **A lot of fruit and vegetable**
 - Smoking and drinking
 - Medication
8. What term is used to describe healthy, elderly people over the age of 80 in the passage? ما المصطلح المستخدم لوصف الأشخاص الأصحاء والمسنين الذين تزيد أعمارهم عن 80 عاما في المقطع؟
- Elderlies
 - The golden oldies
 - **The welllderly**
 - The centenarians
9. In the village of Molochio in Calabria, how many centenarians are there among the 2000 inhabitants? في قرية مولوتشييو في كالابريا ، كم عدد المعمرين من بين سكان 2000
- 2
 - 5
 - **8**
 - 10

Ahmed, a young Iraqi man, sincerely desired to pursue a master's degree in English in India. However, the prospect of leaving behind his family and homeland proved to be a daunting challenge. He grappled with feelings of homesickness, torn between his ambitions and his deep-rooted connections to his home.

أحمد، شاب عراقي، يرغب بشدة في الحصول على درجة الماجستير في اللغة الإنجليزية في الهند. ومع ذلك، فإن ترك عائلته ووطنه وراءه يمثل تحديًا هائلًا. لقد كان يتصارع مع مشاعر الحنين إلى الوطن، ممزقًا بين طموحاته وعلاقته العميقة بمنزله.

Despite the emotional confusion, Ahmed decided to fulfill his dreams. He recognized that success often demands sacrifice, and he was willing to endure the pain of separation for his education and future prospects.

وعلى الرغم من الارتباك العاطفي، قرر أحمد تحقيق أحلامه. لقد أدرك أن النجاح يتطلب في كثير من الأحيان التضحية، وكان على استعداد لتحمل آلام الانفصال من أجل تعليمه وأفاقه المستقبلية.

Upon arriving in India. Ahmed encountered obstacles. The cultural differences, language barrier, and distance from his loved ones intensified his sense of being alone. Yet, fueled by his patience and dedication Ahmed excelled his academic carrier. His passion for English language flourished, pushing him towards achievement. Despite the hardships he faced, Ahmed emerged victorious, earning his master's degree with distinction.

عند وصوله إلى الهند. واجه أحمد عقبات. أدت الاختلافات الثقافية وحاجز اللغة والبعد عن أحبائه إلى تكثيف إحساسه بالوحدة. ومع ذلك، بفضل صبره وتفانيه، تفوق أحمد في مسيرته الأكاديمية. وازدهر شغفه باللغة الإنجليزية، مما دفعه نحو الإنجاز.

At last. Ahmed's journey and victory over difficulties inspires others to stand in the face of challenges, reminding us that with courage and patience, obstacles can be overcome.

ورغم الصعوبات التي واجهها، خرج أحمد منتصرا، وحصل على درجة الماجستير بامتياز. أخيرا. إن رحلة أحمد وانتصاره على الصعوبات تلهم الآخرين للوقوف في وجه التحديات، وتذكرنا أنه بالشجاعة والصبر يمكن التغلب على العقبات.

1. How does Ahmed feel about leaving his family and homeland? كيف يشعر احمد حول ترك عائلته ووطنه
 - Relieved مرتاح
 - Excited متحمس
 - Isolated منعزل / وحيد
 - Indifferent غير مبالي
2. What does Ahmed face upon arriving in India? ماذا يواجه أحمد عند وصوله إلى الهند؟
 - Good weather
 - Obstacles عقبات
 - Easy challenges
 - Bad friends
3. What does Ahmed achieve by the end of his journey? ما الذي يحققه أحمد بنهاية رحلته؟
 - Failure
 - Success النجاح
 - Sickness
 - Nothing
4. What degree does Ahmed want to pursue in India? ما الدرجة التي يريد أحمد متابعتها في الهند؟
 - Bachelor
 - Master
 - PhD
 - Diploma
5. What feeling does Ahmed struggle with before leaving for India? ما هو الشعور الذي يعاني منه أحمد قبل مغادرته إلى الهند؟
 - Happiness
 - Excitement
 - Sadness الحزن
 - Indifference

6. Who travelled with Ahmed? من سافر مع أحمد؟

- No one لا احد
- His wife
- His friend
- His father

7. At last, what qualities contribute to Ahmed's success? أخيراً، ما هي الصفات التي تساهم في نجاح أحمد؟

- Courage and patience
- Laziness and indifference
- Fear and doubt
- None of the above

8. Ahmed is an Iraqi.....

- Professor
- Student طالب
- Carpenter
- Soldier

9. What grows stronger in Ahmed during his time in India? ما الذي يزداد قوة في أحمد خلال فترة وجوده في الهند؟

- Fear
- Passion for travel
- Passion for English شغفه للغة الإنكليزية
- Surrender

10. What does Ahmed do to overcome his challenges in India? ماذا يفعل أحمد للتغلب على التحديات في الهند؟

- Gives up
- Ask help
- Ignore them
- Faces them يواجههم

Children are naturally curious and love to learn. Education plays a crucial role in their development. From a young age, children start to explore the world around them. They ask questions, try new things, and learn from their experiences. Schools provide a structured environment where children can learn various subjects such as math, science, and literature.

الأطفال فضوليون بشكل طبيعي ويحبون التعلم. يلعب التعليم دورا حاسما في تنميتها. منذ سن مبكرة ، يبدأ الأطفال في استكشاف العالم من حولهم. يطرحون الأسئلة ويجربون أشياء جديدة ويتعلمون من تجاربهم. توفر المدارس بيئة منظمة حيث يمكن للأطفال دراسة مواد مختلفة مثل الرياضيات والعلوم والأدب.

Teachers are important in quickling and supporting students. They create lessons that are both fun and educational. Good teachers encourage students to think critically and solve problems. They also help children develop social skills by working together in groups. Parents also play a vital role in their child's education. They support their learning at home by reading books, helping with homework, and encouraging curiosity

المعلمون مهمون في استجواب الطلاب ودعمهم. إنهم يخلقون دروسا ممتعة وتعليمية. يشجع المعلمون الجيدون الطلاب على التفكير النقدي وحل المشكلات. كما أنها تساعد الأطفال على تطوير المهارات الاجتماعية من خلال العمل معا في مجموعات. يلعب الآباء أيضا دورا حيويا في تعليم أطفالهم. إنهم يدعمون تعلمهم في المنزل من خلال قراءة الكتب والمساعدة في الواجبات المنزلية وتشجيع الفضول.

A strong partnership between parents and teachers can greatly benefit a child's education. Technology has become an important tool in modern education. Computers and tablets are used to enhance learning. Educational games and apps make learning enjoyable.

يمكن للشراكة القوية بين الآباء والمعلمين أن تفيد تعليم الطفل بشكل كبير. أصبحت التكنولوجيا أداة مهمة في التعليم الحديث. تستخدم أجهزة الكمبيوتر والأجهزة اللوحية لتعزيز التعلم. الألعاب والتطبيقات التعليمية تجعل التعلم ممتعا.

However, it's important for children to balance screen time with other activities like playing outside and interacting with friends. In summary education is essential for children's growth. Schools, teachers, parents, and technology all contribute to creating a positive learning environment.

ومع ذلك ، من المهم للأطفال موازنة وقت الشاشة مع الأنشطة الأخرى مثل اللعب في الخارج والتفاعل مع الأصدقاء. باختصار التعليم ضروري لنمو الأطفال. تساهم المدارس والمعلمون وأولياء الأمور والتكنولوجيا في خلق بيئة تعليمية إيجابية.

Who is your best friend? For many of us, it's our dog. Dogs make wonderful pets because they love people. And with over 300 different kinds of dogs, there are many kinds of best friends to choose from.

من هو أفضل صديق لك؟ بالنسبة للكثيرين منا ، إنه كلبنا. الكلاب أليفة رائعة لأنها تحب الناس. ومع أكثر من 300 نوع مختلف منها، هناك العديد من أنواع أفضل الأصدقاء للاختيار بينها.

There are many different breeds, or kinds of dogs. When people want to know more about a dog, they often ask, "What is the breed?" A breed is like a family of dogs. All dogs in a breed have the same kind of mother and father dog. The most popular breed is the Labrador Retriever. Labrador Retriever puppies have parent dogs that are also Labrador Retrievers.

هناك العديد من السلالات المختلفة ، أو أنواع. عندما يريد الناس معرفة المزيد عنها ، غالبا ما يسألون ، "ما هي السلالة؟" سلالة مثل عائلة من. جميع في سلالة لديها نفس النوع من الأم والأب. السلالة الأكثر شعبية هي لابرادور المسترد. لابرادور ريتريفر لديها أبوية هي أيضا لابرادور ريتريفر.

Some people would love to have the world's smallest dog. Those people would like chihuahuas (chi-wa-was). These dogs are tiny, and only weigh six pounds. But they have big personalities! Chihuahuas like attention. They love to sit in their owners' laps. The world's largest dog is the Great Dane. This dog might not fit in laps, but it has a place in its owners' hearts. It is known as a gentle giant and likes to be around children

يحب بعض الناس أن يكون لديهم أصغر كلب في العالم. هؤلاء الناس يرغبون في الشيووا (تشبي وا كان). هذه صغيرة ، وتزن ستة أرطال فقط. لكن لديهم شخصيات كبيرة! الشيووا يحب الاهتمام. يحبون الجلوس في حضن أصحابها. أكبر في العالم هو الدانماركي العظيم. قد لا يستطيع الجلوس في أحضان أصحابهم، لكن له مكان في قلوب أصحابه. يعرف هذا النوع باسم العملاق اللطيف ويحب أن يكون حول الأطفال

. Sometimes parent dogs from different breeds have a puppy. When this happens, the puppy is called a mixed-breed or a mutt. A mutt will often act like both its different parents. It might look like both its parents, too. A well-known mutt is Old Yeller from the book and movie Old Yeller. The dog that played Old Yeller in the movie was named Spike in real life. His parents were a Labrador Retriever and another large dog called a Mastiff.

في بعض الأحيان الأم من سلالات مختلفة لديها جرو. عندما يحدث هذا ، يسمى الجرو سلالة مختلطة . غالبا ما يتصرف مثل والديه المختلفين. قد يبدو مثل والديه أيضا. الكلب المعروف بهذا الاسم هو Old Yeller من كتاب وفيلم Old Yeller. تم تسمية الذي لعب دور Old Yeller في الفيلم باسم Spike في الحياة الواقعية. كان والديه لابرادور ريتريفر كبير آخر يسمى.....

1. How many breeds of dogs are there? ﴿﴾

- A. over 100 ﴿﴾
☒ B. over 300 ﴿﴾
 C. over 200 ﴿﴾

Answer

2. How does the author describe dog breeds? ﴿﴾

- ☒ A. A breed is like a family of dogs. ﴿﴾
 B. A breed is many different kinds of dogs. ﴿﴾
 C. A breed is a kind of cat. ﴿﴾

Answer

3. "Some people would love to have the world's smallest dog. Those people would like chihuahuas (chi-wa-was). These dogs are tiny and only weigh six pounds...The world's largest dog is the Great Dane."

Answer

What idea is supported by this information from the text? ﴿﴾

- A. Great Danes are smaller than Chihuahuas. ﴿﴾
 B. All dog breeds are the same size. ﴿﴾
☒ C. Different dog breeds are different sizes. ﴿﴾

4. What is the main idea of this text? ﴿﴾

Answer

- ☒ A. There are many different breeds of dogs that come in different sizes, and there are some dogs that are a mix of breeds. ﴿﴾
 B. Chihuahuas are the world's smallest dogs and only weigh six pounds, and Great Danes are the world's largest dogs. ﴿﴾
 C. A breed is like a family of dogs, and a puppy that's a Labrador Retriever has two parents that are also Labrador Retrievers. ﴿﴾

5. What is a puppy with parents from different breeds called?

Answer

A puppy with parents from different breeds is called a _____. ﴿﴾

(written answer)

a mix breed or a mutt
